

PERIODIC STATEMENT – 30 JUNE 2017

This statement represents a periodic statement for the year ended 30 June 2017 for your holding in the Aventus Retail Property Fund (“AVN”).

These disclosures are made in accordance with section 1017D of the Corporations Act 2001 (“the Act”). These disclosures should not be relied upon by a unitholder for the purpose of preparing their income tax return. We send unitholders a separate tax statement in August each year which contains information required to complete an Australian tax return.

Holdings and Transaction Details

Unitholders can access information about their holding at www.linkmarketservices.com.au or by contacting Link Market Services Limited on +61 1300 554 474. Unitholders will have been provided information about the prices at which they have transacted in AVN from the broker that they used for such transactions.

Estimated Total Fees and Indirect Costs

Total Fees represent the estimated total fees and costs incurred by each unitholder for their investment in AVN.

Total Fees comprise the fees which have been charged directly to unitholders and Indirect Costs which have not been deducted directly from a unitholder’s account. As no direct fees are charged to unitholders estimated Total Fees are equivalent to Indirect Costs.

Indirect Costs include investment management fees, performance fees, registry, custody, accounting, tax, legal and other administrative costs. Indirect Costs exclude costs that the investor would incur if the investor invested directly in the assets.

The estimated Indirect Costs for AVN are as follows:

	2017
Weighted average number of units (m)	405.0m
Indirect Costs (\$m)	\$15.7m
Indirect Costs per unit (\$)	\$0.04

Unitholders can calculate their estimated Indirect Costs by multiplying the Indirect Costs per unit (from the table above) by their average holding balance during the year ended 30 June 2017.

Return on Investment

Unitholder return on investment includes the return from both AVN’s unit price performance and distributions received.

The following table shows the performance of AVN units based on the ASX closing price at the end of each month:

Date	AVN unit price \$	Monthly unit price performance %
July 2016	2.34	0.8
August 2016	2.41	2.9
September 2016	2.43	0.8
October 2016	2.25	(7.7)
November 2016	2.25	-

January 2017	2.30	(0.9)
February 2017	2.34	2.1

April 2017	2.33	(1.3)
May 2017	2.38	2.0

The above AVN unit price performances do not reflect actual transaction dates and prices a unitholder has transacted at, nor do they take into account any brokerage and other costs that they may have incurred. AVN does not have access to the prices at which unitholders have executed their transactions and the related costs. Unitholders can calculate their investment return by obtaining such information about their transactions from their broker or financial adviser.

AVN pays quarterly distributions and declared the following distributions during the year ended 30 June 2017:
